List All Other Contiguous Qualified Property PID's (Appraisal District Number) in this box: <i>4 list other property in the Hills of Childress Creek</i>	
<i>(If a property account is not listed in this box, it will not be applied.)</i>	

Please check the appropriate box for "Yes" or "No" on the following:

1. Has the ownership of the property changed since January 1 of last year or since the last application was submitted?...  YES  NO

**All applicants must complete the application in full and complete all applicable questions, including Step 4 and Step 5, if the land is used to manage wildlife.**

2. Last year were you allowed 1-d-1 appraisal on this property by the chief appraiser of this appraisal district? .....  YES  NO

3. Is this property located within the corporate limits of a city or a town? .....  YES  NO

**STEP 4: DESCRIBE THE PROPERTY'S USE**

**Agricultural use includes, but is not limited to the following activities:**

(1) cultivating the soil; (2) producing crops for human food, animal feed, or planting seed or for the production of fibers; (3) floriculture, viticulture and horticulture; (4) raising or keeping livestock; (5) raising or keeping exotic animals or fowl for the production of human food or fiber, leather, pelts or other tangible products having a commercial value; (6) planting cover crops or leaving land idle for the purpose of participating in a governmental program provided the land is not used for residential purposes or a purpose inconsistent with agricultural use or leaving the land idle in conjunction with normal crop or livestock rotation procedures; (7) wildlife management; and (8) beekeeping.

Wildlife management is defined as actively using land that at the time the wildlife-management use began, was appraised as qualified open-space or timber land under Tax Code, Chapter 23, Subchapter D or E, to propagate a sustaining breeding, migrating or wintering population of indigenous wild animals for human use, including food, medicine, or recreation, in at least three of the following ways: (1) habitat control; (2) erosion control; (3) predator control; (4) providing supplemental supplies of water; (5) providing supplement supplies of food; (6) providing shelters; and (7) making census counts to determine population.

Wildlife management is also actively using land to protect federally listed endangered species under a federal permit if the land is included in a habitat preserve subject to a conservation easement created under Chapter 183 Natural Resources Code or part of a conservation development under a federally approved habitat conservation plan restricting the use of the land to protect federally listed endangered species or actively using land for a conservation or restoration project under certain federal and state statutes is wildlife management.

These two types of wildlife management uses do not require showing a history of agricultural use but do require evidence identified in Step 4, Questions 4 and 5.

Agricultural land use categories include: (1) irrigated cropland, (2) dry cropland, (3) improved pastureland, (4) native pastureland, (5) orchard, (6) wasteland, (7) timber production, (8) wildlife management, and (9) other categories of land that are typical in your area.

Please answer the following questions fully. You may list the agricultural use of your property according to the agricultural land categories listed in the preceding paragraph. You may divide the total acreage according to individual uses to which the land is principally devoted.

**1. Describe the current and past agricultural uses of this property as described above, starting with the current year and working back 5 years or until you have shown 5 out of 7 years of agricultural use.**

These two types of wildlife management uses do not require showing a history of agricultural use but do require evidence identified in Step 4, Questions 4 and 5.

### STEP 5: DESCRIBE WILDLIFE MANAGEMENT USE

**Do not complete this step if you are not using the land to manage wildlife as permitted by law.**

If you are using the land to manage wildlife, list at least three of the wildlife management practices listed in the description found in Step 4 above in which you manage wildlife. *Pick 3 items from Part V of Attached Management Plan*

A	
B	
C	

Please indicate the property's agricultural land use category, as described in Step 4, for the tax year preceding the land's conversion to wildlife management use. An example is that the land was categorized as native pasture before conversion to wildlife management. It is necessary that the category of use prior to conversion be identified in response to this request.

**YOU MUST ATTACH A WILDLIFE MANAGEMENT PLAN** completed on a form as prescribed by the Texas Parks and Wildlife Department for the property described in Step 3. A form may be obtained at [http://www.tpwd.state.tx.us/landwater/land/private/agricultural\\_land/](http://www.tpwd.state.tx.us/landwater/land/private/agricultural_land/)

Please answer the following questions regarding Wildlife Use

*See Management Plan filed of Record with the Appraisal District for years 2021-2025 Master Wildlife Management Plan.*

- (a) Was the land subject to wildlife management a part of a larger tract of land qualified for 1-d-1 or timber land appraisal on January 1 of the previous year? Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. Section 9601 et seq.).....  YES  NO

(b) Is the current ownership of the land subject to wildlife management different from the ownership on January 1 of the previous year?.....  YES  NO
